Position Open
for
INDUSTRIAL PAINTER

This is a full-time position, 40 hours per week (8 hours per day, Monday - Friday), with excellent benefits. Benefits include paid holiday, vacation, and sick leave, paid disability and life insurance, and group health insurance, and 401(k) and ESOP plans. The work is primarily the painting of the products of a manufacturer of unique scientific instruments. Attention to detail, good attendance, safe work habits, the ability to work independently with occasional advice from your supervisor, and the ability to work cooperatively with others and in a small department are expected.

Job Title: PAINTER

Job Level: Craft

(6:00 a.m. - 2:30 p.m., Welding, Painting, and Finishing Dept.)

Essential Duties:

1. Prepare, prime, and paint NEC products, which are primarily of aluminum, steel, and stainless steel, including fine finishing of electronics panels. Paints include polane, urethane, two component epoxy, enamel, conductive paint, etc.
2. Prepare surfaces by sanding, grinding, cleaning, filling, etc.
3. Thin paints to proper viscosity for spraying or brushing application and adjust equipment to obtain finish requirements and economy.
4. Maintain and keep equipment and area in a safe, clean condition and in working order.
5. Mask parts and operate drying equipment.
6. Help build shipping crates, palletes, etc. and assist with crating and loading shipments.
7. Other similar tasks as assigned by supervisor.

A day's work may involve from one to all duty areas. Some of the duties may involve cooperative work with other employees, but most of the work is single work station activity. The ability to work alone (but not necessarily isolated) is expected.

Educational Requirements: Average ability to read and write in English is required.

Skills and Experience Requirements:

1. Painting work experience and familiarity with industrial painting equipment are required.
2. Ability to read and follow instructions on surface preparation and finish requirements and on paint usage and equipment operation.
3. Ability to use manual and power hand tools and common measuring tools.

Physical Requirements:

1. Ability to lift at least 40 pounds.
2. Eyesight vision of, or corrected to, 20/20.
3. Ability to perform operations of manual dexterity while standing.
