POSITION OPEN
for
COMPONENTS ASSEMBLER

July 2, 2019

This is a full-time position (8 hours/day, Monday - Friday) with the responsibility of mechanical assembly, testing, and debugging of complex vacuum components. Skill in detailed assembly of mechanical parts and prior assembly experience are required. Safe work habits, attention to detail, good attendance, the ability to work independently with occasional advice from your supervisor, and the ability to work cooperatively with others and in a small department are expected. Benefits include paid holiday, vacation, and sick leave, paid disability and life insurance, and group health insurance and retirement plans.

Job Title: COMPONENTS ASSEMBLER
(6:00AM – 2:30PM or 7:00AM – 3:30PM, Components Department)

Job Level: Operative

Essential Duties:

1. Custom assembly of vacuum beam line components, including some electrical wiring.
2. Testing and debugging of component assemblies.
3. Set up and operation of commercial vacuum leak detecting machine.
4. Cleaning and surface finishing of parts.
5. On occasion, manufacturing processes, such as, spot-welding, of small parts.
6. Some repetitive subassembly and small assembly work.
7. Other duties as needed.

Qualifications:

1. Experience using manual and power hand tools and common measuring tools.
2. Average or better ability to read and write in English.
3. Average or better ability to work from oral and written instructions.
4. Detailed and precise assembly experience based on assembly drawings and parts lists.

Physical Requirements:

1. Able to lift 35 pounds.
 2. Able to perform operations of manual dexterity, mostly while standing.
 3. Eyesight vision of, or corrected to, 20/20.
