National Electrostatics Corp. (NEC) is a leader in manufacturing high-quality electrostatic ion beam accelerator systems worldwide. We pride ourselves on our commitment to innovation and excellence. We are currently seeking a detail-oriented and motivated Electronics Assembler to join our growing team.

The Electronics Assembler is responsible for assembling electronic components and products according to specifications, blueprints, and work instructions. This role requires precision and the ability to work in a team-oriented environment.

Responsibilities:

- Assemble and solder electronic components on PCBs (Printed Circuit Boards)
- Read and interpret schematics, diagrams, and assembly drawings
- Utilize hand tools such as soldering iron, wire strippers, multimeter, screwdriver, pliers, etc.
- Inspect and test completed products for defects or issues
- Follow safety protocols and quality standards

Qualifications:

- High school diploma or equivalent
- Previous experience in electronics assembly or manufacturing preferred
- Ability to read blueprints and technical drawings
- Strong hand-eye coordination and manual dexterity
- Basic understanding of electronic components and circuitry

Why Join Us?

- Competitive salary and benefits package.
- Opportunities for career growth and advancement.
- Supportive and collaborative team environment.

How to Apply:

Please submit your resume to personnel@pelletron.com or apply online at Careers - National Electrostatics Corp. (pelletron.com) using our quick 3-minute application.
