## MACHINE SHOP LEADER

As the world leader in the manufacturing of electrostatic ion beam accelerator systems, National Electrostatics Corp. or NEC, is always looking for the best, quality candidates to join our family. Being a part of the NEC family offers many rewards including being a part of an environment where we want to see you grow and succeed. We are an employee-owned company that had been in business for over 50 years.

We are looking for a Machine Shop Leader to join our team. This is a full-time position with excellent benefits. These benefits include paid time off (holiday, vacation and sick leave), long term disability, life insurance, health insurance, and 401K match options and Employee-owned stock plans.

### **Job Title: MACHINE SHOP LEADER**

(6:00 a.m. - 2:30 p.m., Machine Shop Department)

### **Qualifications:**

- Excellent communication skills and the ability to prioritize work in a rapidly changing work environment.
- Strong troubleshooting and analytical skills.
- Absolute commitment to safety and quality are essential to our client's culture.
- A career driven individual with a strong desire to advance.
- High School Diploma/GED required.
- Associates Degree preferred.
- Experience as a Machinist and/or CNC Machining.
- Experience as a supervisor or leader or trainer.

### **Responsibilities or Duties:**

- Oversees, coordinates, and schedules the daily activities of the Machine Shop.
- Supervising/directing machine shop staff in production of components and parts.
- Be a hands-on leader, mentor, coach to direct and fully develop the team.
- Identify and implement continuous improvement projects in the production area.
- Interface with other departments to ensure production control and flow.
- Ensure quality and accuracy in the machine shop area.
- Machining, CNC operating, and machine tool work as needed.
- Other duties as assigned.

### **Skills and Abilities:**

- Great people skills.
- Ability to be self-motivated with a high commitment to completing tasks timely.
- Excellent attention to detail and accuracy.
- Works safely always and adheres to safety policies, complies with company policies, procedures, and standards.

### **Physical Requirements:**

- Ability to lift 50 pounds.
- Eyesight vision of, or corrected to, 20/20.
- Ability to perform operations of manual dexterity, mostly while standing.
