---

As the world leader in the manufacturing of electrostatic ion beam accelerator systems, National Electrostatics Corp. or NEC, is always looking for the best, quality candidates to join our family. Being a part of the NEC family offers many rewards including being a part of an environment where we want to see you grow and succeed. We are an employee-owned company that has been in business for over 50 years.

We are looking for a Machinist to join our team. This is a full-time position with excellent benefits. These benefits include paid time off (holiday, vacation, and sick leave), long term disability, life insurance, health insurance, and 401K match options and Employee-owned stock plans.

## **Job Title: MACHINIST**

Hours: 6:00 a.m. - 4:30 p.m., Monday-Thursday

## **Job Summary:**

The Machinist will produce or repair precision parts using both manual and automated equipment and accurate measurements.

## **Duties/Responsibilities:**

- Operates Machine Tools and Fabrication Equipment
- Reads and interprets blueprints and design sketches to ensure proper dimensions and specifications for parts.
- Selects the appropriate cutting tools, attachments, accessories, and materials to be used on machines.
- Examines and measures completed units and parts to identify any defects and to ensure units conform with predetermined specifications; adjusts machine controls to resolve production errors.
- Inspects machinery for any needed repairs; performs minor repairs within expertise.
- Maintains cleanliness and safety of work area.
- Complies with applicable safety standards and regulations.
- Performs other related duties as assigned.

## **Required Skills/Abilities:**

- Ability to operate various types of machine tools to perform progressive machining.
- Ability to read blueprints and plans.
- Excellent mechanical skills.
- Excellent time management skills.
- Excellent organizational skills and attention to detail.

## **Educational and Experience:**

- High school diploma or equivalent required.
- Vocational/technical school training and apprenticeship required.

## **Physical Requirements:**

- Prolonged periods standing and sitting, as well as bending and lifting.
- Must have manual dexterity necessary to operate the machinery.
- Capable of reaching, lifting, and bending.

- Ability to lift 50 pounds preferred.

**Note:**

This job description in no way states or implies that these are the only duties to be performed by the employee(s) incumbent in this position. Employees will be required to follow any other job-related instructions and to perform any other job-related duties requested by any person authorized to give instructions or assignments. All duties and responsibilities are essential functions and requirements and are subject to possible modification to reasonably accommodate individuals with disabilities. To perform this job successfully, the incumbents will possess the skills, aptitudes, and abilities to perform each duty proficiently. Some requirements may exclude individuals who pose a direct threat or significant risk to the health or safety of themselves or others. The requirements listed in this document are the minimum levels of knowledge, skills, or abilities. This document does not create an employment contract, implied or otherwise, other than an "at will" relationship.
