---

At National Electrostatics Corp. (NEC), we are a leading manufacturing company committed to producing high-quality electrostatic ion beam accelerator systems worldwide. With a focus on innovation, craftsmanship, and teamwork, we provide ourselves on delivering excellence in every project. We are currently seeking a full-time **Machinist** to join our dynamic team (Monday through Thursday (6:00 a.m. to 4:30 p.m.)).

### Position Overview:

As a **Machinist** at NEC, you will play a critical role in organizing the materials in the welding and saw areas. You will operate a variety of machinery such as milling and lathes. You will work closely with other team members to ensure that all parts meet stringent quality standards and are completed on time.

### Key Responsibilities:

- Set up and operate CNC and manual machines (lathes, mills, etc.) to fabricate precision parts.
- Interpret technical drawings, blueprints and specifications to determine machining requirements.
- Conduct routine maintenance and troubleshooting of machines to ensure optimal performance.
- Monitor and inspect parts throughout the production process for accuracy and quality.
- Ensure safety standards and protocols are adhered to at all times.
- Collaborate with the production team to meet deadlines and achieve production goals.

### Qualifications:

- Ability to work independently with minimal supervision and as part of a team.
- Strong problem-solving skills and attention to detail.
- Outstanding mathematical and analytical skills.
- Proficiency in reading blueprints, technical drawings, and using measurement tools (calipers, micrometers, etc.).
- Strong knowledge of machining techniques, including both manual and CNC equipment.
- Knowledge of safety procedures in a machining environment.

### Education and Experience:

- High school diploma or equivalent.

---

- Vocational training or an apprenticeship is a plus.
- Proven experience as a **Machinist** or similar role.

### Why Join Us?

- Competitive salary and benefits package.
- Opportunity for skill development and career growth in a supportive environment.
- Work with cutting-edge equipment and a dedicated team of professionals.
- A culture of innovation, flexibility, mutual trust, and work-life balance.

**If you are a skilled machinist looking to take the next step in your career, we'd love to hear from you! Apply now using our quick 3-minute application.**

### How to Apply:

Please submit your resume to [personnel@pelletron.com](mailto:personnel@pelletron.com) or apply online at [Careers - National Electrostatics Corp. \(pelletron.com\)](http://Careers - National Electrostatics Corp. (pelletron.com))
