WELDER

As the world leader in the manufacturing of electrostatic ion beam accelerator systems, National Electrostatics Corp. or NEC, is always looking for the best quality candidates to join our family. Being a part of the NEC family offers many rewards including being a part of an environment where we want to see you grow and succeed. We are an employee-owned company that has been in business for over 50 years. This is a full-time position with excellent benefits. These benefits include paid time off (holiday, vacation, and sick leave), long term disability, life insurance, health insurance, 401K match options and Employee-owned stock plans.

We are looking for a Welder to join our team. This is a full-time position with excellent benefits. These benefits include paid time off (holiday, vacation, and sick leave), long term disability, life insurance, health insurance, and 401K match options and Employee-owned stock plans.

Job Title: WELDER

(6:00 am - 2:30 pm or 7:00 am – 3:30 pm, Monday-Friday, Machine Shop Department)

Responsibilities or Duties:

1. Prepare and weld frames, vacuum assemblies, and small piece components, which would consist of steel, stainless steel, titanium, aluminum, and Kovar.
2. As needed, finish surfaces by sanding, grinding, cleaning, filling, etc.
3. Maintain and keep equipment and area in a safe, clean condition and in working order.
4. Other similar tasks as assigned by supervisor.

A day's work may involve from one to all duty areas. Some of the duties may involve cooperative work with other employees, but most of the work is single workstation activity. The ability to work independently and to work cooperatively with coworkers is expected.

Skills and Abilities:

1. Welding work experience and familiarity with industrial and TIG welding equipment and techniques.
2. Work experience and familiarity welding steel, stainless steel, titanium, aluminum, and Kovar.
3. Ability to read and follow instructions on surface preparation and finish requirements and on paint
4. usage and equipment operation.
5. Ability to use manual and power hand tools and common measuring tools.

Physical Requirements:

1. Eyesight vision of, or corrected to, 20/20.
2. Able to perform operations of manual dexterity, including small item manipulations.
3. Able to use common tools (soldering iron, drill, wrench, etc.)
4. Able to lift 40 pounds.
